## 1 Normanton Hospital

\$22.1 million in 2023-24 out of a \$36.4 million total spend to replace infrastructure at Normanton Hospital. The program will undertake enhancements to the facility and is expected to include construction of a new facility with 14 beds, 4 consult rooms, kitchen, morgue, X-ray, and administrative facilities. The facility will be delivered to provide a contemporary infrastructure suitable for the model of care in the region. Part of the Building Rural and Remote Health Program.

## 3 Flinders Highway (Julia Creek - Cloncurry), Scrubby Creek, strengthen pavement and widen floodway

\$16.1 million in 2023-24 out of a \$42.7 million total spend towards strengthening pavement and widening floodway on Flinders Highway at Scrubby Creek. These works will improve freight efficiencies and safety to support livestock, mining, tourism and freight industries. This investment is estimated to support an average of 75 direct jobs over the life of the project. Delivered in partnership with the Australian Government.

## 5 Boulia Industrial Estate

\$497,400 in 2023-24 out of a \$994,800 total spend to develop an industrial estate adjacent to the Boulia Mount Isa Road. This estate will have a focus on servicing the transport industry especially long-haul transport, providing layover facilities and service opportunities. Once complete, the estate will facilitate economic growth in Boulia through capitalising on increasing transport and logistics activity. Part of the Building our Regions program.

## 2 Camooweal Primary Health Centre

\$9.6 million in 2023-24 out of a \$18 million total spend to replace infrastructure at the Camooweal Primary Health Care Centre. The program will undertake enhancements to the site and is expected to include a new facility with acute, non-acute and clinical administration areas, along with general support. The investment will help continue the delivery of quality, contemporary health services in the community. Part of the Building Rural and Remote Health Program.

## 4 Julia Creek Community Children's Services Hub Project

\$1 million in 2023-24 out of a \$6.3 million total spend to deliver a children's services hub in Julia Creek to help address the demand for childcare services in McKinlay Shire. When completed, it will be able to accommodate more children as well as babies and school-aged children through the provision of Outside School Hours Care. It will also help to improve children's health by increasing access to allied health services. Part of the Resources Community Infrastructure Fund.

## 6 Longreach replacement police facility

\$50,000 in 2023-24 out of a \$13.8 million total spend to continue the replacement police facility at Longreach. The replacement facility will provide a modern state-of-the-art facility to support frontline officers. The facility will ensure police are properly resourced to allow them to continue to serve Longreach and surrounding communities. The project will support 40 jobs.

## North-west connection unlocking jobs, renewables

The Queensland Government is investing \$5 billion in CopperString 2032, a 1,100-kilometre transmission line from Townsville to Mount Isa that will connect Queensland's North West Minerals Province to the national electricity grid.

This project will unlock one of Australia's largest renewable energy zones and potentially more than \$500 billion in new critical minerals. To be delivered by Powerlink, CopperString 2032 will connect vast renewable wind and solar resources with critical minerals mining and processing that can be used to make batteries and renewables.

CopperString 2032 is one of the most significant investments in economic infrastructure ever seen in North Queensland. It has the potential to support around 800 direct jobs over its 6-year construction to 2029, and thousands more in critical minerals mining and renewable energy industries. Early works are expected to start in late 2023 and construction in 2024. This project will be delivered through the government's *Queensland Energy and Jobs Plan*, a pathway to transition Queensland to clean, reliable and affordable power.

# Good jobs. Better services. Great lifestyle.

## More jobs in more industries

### Good, secure jobs in our traditional and emerging industries

Queensland is building on its advantages in traditional and emerging industries that support good, secure jobs. The Queensland Government's economic strategy will help Queensland businesses to take advantage of these opportunities and grow the economy.

## Better services

### Deliver even better services right across Queensland

A growing economy will allow the government to deliver better services across the state, including in education, justice and social services. High-quality services improve the lives of Queenslanders and help everyone to participate fully in our economy and our community.

## Protecting Queenslanders' lifestyle

### Protect and enhance our Queensland lifestyle as we grow

Our great Queensland lifestyle will be protected while the economy grows. The Queensland Government is investing in crucial infrastructure to support our growing population, reducing cost-of-living pressures and taking care of our natural environment.
