Impact Analysis Statement

Summary IAS

Details

Lead department	Queensland Treasury
Name of the proposal	Regulation for the CopperString Restructure under the *Government Owned Corporations Act 1993*
Submission type	Summary IAS
Title of related legislative or regulatory instrument	*Government Owned Corporations (CopperString Restructure) Regulation 2026*
Date of issue	May 2026

Proposal type	Details
Regulatory proposals where no RIA is required	The proposal relates to Regulatory proposals for the internal management of the public sector, provided the change only impacts internal operations of the public sector and has no material impacts on business or the community. Queensland Treasury has self-assessed that the proposal only impacts the internal operations of the public sector and has no material impact on business or the community. The proposal concerns the transfer of the CopperString project from Powerlink to QIC entities. The QIC entities are assuming Powerlink's responsibilities and obligations for delivering the project. The restructure does not impose any additional regulatory burden or compliance costs on business or the community as the project continues to be delivered. Therefore, it does not require regulatory impact analysis under *The Queensland Government Better Regulation Policy.*
